COLLEGE HOME IS LEASED FOR IKE'S OFFICE

The General Services Administration, which will handle details of President Eisenhower's retirement, has leased the home of the President of Gettysburg College which will be used by the President after he retires from office next January 20. Under the presidential pension law Presidents are entitled to \$50,000 a year to pay office salaries and rent.

President Eisenhower will use the home, which is now being renovated, for offices.

The residence, formerly the home of the late Dr. George D. Stahley, at the corner of Carlisle and Stevens St., was acquired by the college after the latter's death. Dr. Walter C. Langsam was the first college president to occupy the home. General Willard S. Paul, present president, resided there until several months ago when he moved to a residence off the Biglerville Rd.

HOME WAS INSPECTED

After the residence was made available to the President, the chief executive, his son, Lt. Col. John Eisenhower and his personal physician, Maj. Gen. Howard M. Snyder, inspected the twelve-room home and found it acceptable.

Mr. Eisenhower already has said he will make Gettysburg his permanent home once he leaves the executive mansion, although he has made it clear he also will do some traveling.

The President will require an office, if only to handle the heavy flow of correspondence he is sure to receive.

One possible office would be a glassed-in addition over a two-car garage at the college president's house. But some sources said another section of the building would be converted into office space.

President Eisenhower spent a few hours at his farm Saturday. He flew here in a "copter" and after doing some quail hunting he took his daughter-in-law and their four children to Camp David for lunch after which he flew back to the White House.

NIGHT SCHOOL 1ST SEMESTER CLOSING SOON

The first semester sessions of the Adult Evening classes at Gettysburg High School are being completed from December 8 through 22 and preparations are nearly complete for the second semester sessions which will open January 16. Director Jack R. Corbin said today.

The final meeting of the eight-week course in typing will be held next Monday evening and the eight-week shorthand course will conclude December 15.

The final class meetings for the 10-week courses in the school will be held as follows: Oil and watercolor painting, December 19; practical mathematics, December 19; sewing, December 19, and bookkeeping, December 22.

85 PER CENT COMPLETIONS

Mr. Corbin said that approximately 85 per cent of the original enrollment for the classes will complete their courses by the end of this semester. The practical nursing, practical electronics and leathercraft classes were dropped after two sessions due to insufficient enrollment.

Miss Ruth Roland, the typing instructor, said that about two-thirds of her class will receive a certificate for proficiency in typing.

The second semester, which will open January 16, will conclude on March 23. The director said registration for the second semester sessions will take place in the home economics room near the underpass at the high school building from 7:30 to 8:30 p.m. on Thursday, January 5, and Thursday, January 12.

ASK EARLY ENROLLMENTS

It will be possible to continue some of the courses into the second semester if sufficient demand is expressed, Mr. Corbin said today. (Continued On Page 3)

FIRE DAMAGES COLDSMITH'S FARM HOME

Five rooms at the farm home owned by Roy Coldsmithe about five miles west of here near Fairfield were damaged Sunday afternoon when fire, apparently starting from an overheated chimney, spread through logs into the second floor of the structure.

In addition to the fire damage, damage resulted from smoke and water. Firemen had to use masks to enter the upper part of the structure because of the dense smoke pouring from the smoldering logs about the chimney.

Occupying the house are Mr. and Mrs. Paul Crawford and their five children who moved there from Kansas about six weeks ago. The family spent the night with a brother of Mr. Crawford, Donald Crawford, Gettysburg R. D. WAS DAY CARE CENTER

Fairfield firemen were called first to the blaze in the home which was used during the last summer as the day care center for migrant children. Water from a nearby pond was used. Gettysburg firemen were called about 4 o'clock Sunday afternoon to assist the Fairfield firemen in combating the blaze.

No estimate of damage was immediately available pending arrival of insurance investigators this morning. Mrs. Roy Coldsmithe said it is hoped the house can be repaired to permit the Crawford family to return to the structure soon.

While Gettysburg firemen were at the Coldsmithe farm fire they were called about 5 o'clock to a fire in a corn field north of Hunterstown near the covered bridge at Conewago Creek. About 1 1/2 acres of cornfield burned over. Firemen used Indian fire fighters, rakes and brooms to prevent spread of the blaze to an adjoining woods.

Raging Storms And Floods Cause Death, Destruction

LONDON (AP)—Northern Europe today began cleaning up after a violent weekend of raging storms and floods which spread death and destruction.

Britain bore the brunt of the storm, which sent rivers crashing out of their banks and flooded dozens of villages and miles of farmland. Property damage was heavy in London. At least two deaths were reported.

Four deaths were counted in Holland. France, Germany, Denmark and Belgium also were badly hit.

More rain is expected and many areas, especially in Britain, still face serious flood threats.

Some rivers in Britain's West Country and Midlands were expected to crest today.

The storm, climaxing the wettest autumn for Britain in more than 100 years, punched at the

Seven Cabins Burglarized

Sunday's warm and pleasant weather brought to light seven cabin burglaries in the Big Flat area.

State police said today owners of seven cabins reported during the day that when they went to their summer homes they found they had been entered during the last week.

The officers estimated the loss in the burglaries at \$250. In each case entry was made by breaking a door or window and the intruders removed anything of value they found including bed clothing, towels, radio-record players and in at least one of the cabins, a case of beer.

Police said five of the cabins were in a row off Route 234 from Buchanan Valley to Big Flat. The owners of the five cabins were William Lerew, York; Ray E. Grogg, Spring Grove; Wilson Henry Sipe, Spring Grove; James Waltemyer, Red Lion R. 1, and William Flaherty, Laurel R. 1, who share ownership of a single cabin, and Merrill Snyder, Red Lion.

Value of the articles removed from the row of cottages was estimated at \$240.

Thieves also entered two of the cabins at the Boy Scout Camp of the First EUB Church, Chambersburg, located along Route 233 off the Caledonia-Pine Grove Rd. toward Big Flat. There a record player-radio, some buckets and other articles were taken, with the estimated loss being \$10.

WOULD CUT COSTS

Symington told a news conference after conferring with Kennedy that in his opinion his committee's recommendations would cut present military spending by about 20 per cent or \$8 billion annually. But he said this money likely would have to be plowed back for such things as new weapons development and an arms control program.

While the Symington committee would abolish the civilian secretaries of the Army, Navy and Air Force, those services would be retained as separate entities in the defense establishment.

The plan of Symington, who was secretary of the Air Force in the Truman administration, also would eliminate the undersecretaries and the assistant secretaries—all civilians — of the three services.

WOULD ABOLISH 22

In all, 15 civilian offices would be wiped out in the three services. The committee also would abolish seven assistant secretaries of defense, bringing the grand total of offices abolished to 22.

Boy's Curiosity And A New Flashlight Cause His Death

NEW YORK (AP) — A little boy's curiosity, a flashlight, and a vacant apartment.

This was the anatomy of a neighborhood tragedy in the Bronx Sunday night.

Not long ago Robert Ingraham, 8, the son of a building superintendent, received a handsome gift from a family moving from the neighborhood.

The present—a shiny flashlight—became a near-obsession with the boy. For hours, as boys will, he explored the dark places in the neighborhood — murky basements, gloomy stairwells, store-rooms and odd corners.

Friends accused him of taking the light to bed with him. During most of his waking hours he kept the flashlight fastened to a string tied around his waist.

For three days Robert hit every unit nook and cranny in the area.

Church, Castro At Critical Level

HAVANA (AP) — Relations between the Roman Catholic Church and Prime Minister Fidel Castro today were at the most critical level yet after the church angrily denied Castro's charge that priests took bribes to preach against his revolution.

Adding to the increased tension among Catholics were persistent but unconfirmed reports that Archbishop Enrique Perez Serantes of Santiago was detained briefly by authorities in Camaguey Saturday and told to leave Cuba.

The 77-year-old archbishop was returning from a meeting of Catholic prelates in Havana. The reports said he replied firmly that he would stay in Cuba and take the consequences.

Archbishop Perez Serantes, who once saved Castro from a Batista firing squad but now is his most outspoken critic in Cuba, said by telephone from Santiago: "I am an old man and suffer from loss of memory. I do not recall any such thing happening to me."

Camaguey military officials said they had not detained the archbishop.

WRECKS AUTO BUT AVOIDS HITTING BOY

Roy W. Shoemaker, 47, Fayetteville R. 2, wrecked his car but succeeded in avoiding a small boy running across the highway at Seven Stars Sunday afternoon at 2:05 o'clock.

State police said Shoemaker was driving east on the Lincoln Highway five miles west of here when the youngster entered the road. Shoemaker drove his car off the highway and collided with a utility pole causing \$2,000 damage to the auto. Police said Shoemaker was uninjured.

Local state police were also called Sunday afternoon at 4 o'clock to an auto accident at the intersection of the Hanover-Carlisle Rd. and old Route 15 in York Springs.

According to police, Mrs. Catherine Shaffner, 39, Harrisburg, was driving west on the Hanover-Carlisle Rd. and failed to stop for the intersection. Her car collided with a southbound auto driven by Robert J. Weaver, 18, Gettysburg R. 4.

Damage was estimated at \$130 to the Shaffner sedan and \$50 to Weaver's auto. Police said there were no injuries.

He read from a recent editorial in the Wall Street Journal: "Many of those who deplore America's alleged loss of purpose, it seems to us, are looking at the matter upside down. This country's purposes derive from individual freedom and responsibility and if there has been any falling off, it is in that area."

SEES PLAN TO CONSOLIDATE STATE SCHOOLS

PHILADELPHIA (AP) — Key members of a subcommittee of Gov. Lawrence's Committee on Education are backing a plan to consolidate Pennsylvania's 2,277 school districts into 172 new districts by 1966, the Philadelphia Bulletin reports.

The Bulletin said in its Sunday edition that the consolidation would assure equal opportunity to obtain a good education throughout the state.

A task force of reorganization, one of eight groups making up a governor's committee, suggested the proposal.

When asked about the article written by Peter H. Binzen, Fred Stackpole of Southampton, president of the Bucks County school board and chairman of the reorganization task force, declined comment.

ELIMINATE SOME DISTRICTS The Bulletin said that under the plan the large school districts such as Philadelphia would be retained but many rural and suburban districts would be eliminated. County superintendents of schools would be eliminated, saving the state \$4 million a year.

Quoting from the report, the Bulletin said that as a general rule small schools offer fewer courses and in less depth.

The newspaper said the counties would work out their own consolidations until 1964, then a commission would prod the slow districts, so the job could be completed by 1966.

Will Supervise Gas Service Operations

John S. Wilson has been named to supervise gas service operations in the Cumberland, Md., and Gettysburg areas, succeeding Carl C. Robbins who recently retired as district manager.

A resident of LaVale, Md., Wilson has been assistant district manager since 1954. He will retain his present title in his new position, Distribution Superintendent P. N. Kuzmich said.

Wilson will supervise gas deliveries and service to some 21,000 Maryland customers of Cumberland and Allegheny Gas Company and almost 8,000 Pennsylvania customers of Manufacturers Light and Heat Company, Kuzmich stated.

The newly-appointed official is a veteran of more than 22 years of gas utility service. He joined Manufacturers in Steubenville, O., as a laborer in 1938.

Say Stevenson Is Going To U.N.

NEW YORK (AP) — President-elect John F. Kennedy is prepared to offer Adlai E. Stevenson the post of ambassador to the United Nations, press reports said today.

The reports were carried in the Daily News and the New York Times. The News, in a dispatch from Washington, said, "This would be in line with previous reports indicating that Kennedy had firmly decided that someone other than the two-time presidential nominee would be picked for secretary of state."

"Kennedy, it was understood, has expressed an inclination to name Sen. J. William Fulbright, D-Ark., for the Cabinet post, but has made no decision. . . ."

RED CHINESE GIVE "OK" TO COEXISTENCE

By PRESTON GROVER

MOSCOW (AP) — Communist China's president today put a stamp of approval on the peaceful coexistence policy of the Soviet Union as it apparently has been ratified by the Communist summit conference which ended last week.

In a goodbye speech at Leningrad, before continuing his tour of the Soviet Union, President Liu Shao chi made a confession of faith in Soviet leadership.

"The great Soviet Union," he said, "has always been and is today a powerful bastion of world peace. The initiative of the Soviet government and its proposals aimed at easing international disarmament and peaceful co-existence between countries with differing social systems have the sympathy and support of all peace-loving nations and peoples."

DELAYED BY CENSORS

He said further that the recent summit conference, "resulted in a still further strengthening of the cohesion of the entire Communist movement and in a still further strengthening of the solidarity between the Communist party of China and the Communist party of the Soviet Union, between the People's Republic of China and the Soviet Union."

(Mocow radio broadcast Liu's speech but this dispatch was delayed in passing through censors.)

Pravda, the Soviet Communist party newspaper, published a long editorial a week ago in which it stated that peaceful coexistence as interpreted by Premier Khrushchev is the correct interpretation.

Coming as it did near the end of the conference, after more than two weeks of debate, it sounded as if the Soviets had laid down the law as they saw it.

PAYING THE PIPER

The speech by Liu Shao Chi was his way of saying that the man who pays the piper calls the tune. In his speech, he made it abundantly clear by pointing out that China's industrial and technical advances were heavily dependent on Soviet production.

Khrushchev argued that war is no longer possible because of nuclear weapons and that Communist countries must rely on showing the world that they can produce more than capitalist countries and give greater freedom and happiness to mankind than capitalist countries.

Saturday, Wladyslaw Gomulka, chief of the Polish party, said the Communist summit committee had adopted the Khrushchev line in large measures.

In his speech Sunday, Liu said in effect, well, that's the way it is. China will go along.

Bullets Outclass Rider 70-50 For Second Win; Face Temple At Palestra

Coach Bob Hulton and his Gettysburg College basketball team rolled to their second straight win of the season as they ran away from Rider College 70-50 Saturday night in York before 1,000 fans.

The contest was played on the Hannah Penn Jr. High floor as the second part of a charity twin-bill sponsored by the Sertoma Club of York. Lebanon Valley came from behind to cop a 76-68 win over Penn Military College in the first game.

Rider held the lead twice during the first 7:29 minutes of the game, but after that the Bullets came on and were in command. It was not until the 6:52 mark of the final half that the Orange and Blue began to build a large lead.

Bob Parker opened the scoring with a jump shot but Rider's two-handed set shot artist, Frank Kopp, swished a pair of two-pointers. Bill Fitzkee added a foul while Bill Gremlich drove in for a lay-up to put Rider in front 6-3. Gettysburg moved ahead on Fitzkee's foul, Parker's jump shot and another free toss by Bill Hemming. Mike Brown landed a jump to put Rider ahead, Warner hit from the key and Brown added a foul. After Warner made good on a lay-up, Gremlich tossed in two free shots and Brown hit on a lay-up to move Rider in front for the last time at 13-11.

LEAD AT HALF

Bruce Simpson knotted the count at 11-14 and Warner pushed the Orange and Blue ahead at 10-42. The Bullets built an 11-point lead and held a 38-27 ad-

vantage at half time.

Rider came out strong in the second 20 minutes of play and cut Gettysburg's lead to six points at 48-42. After both teams exchanged field and foul shots and the Bullets in front 53-44, Hulton's squad opened up. Parker, Hemming, Fitzkee and Warner pushed through 12 straight points before Rider was able to land a foul. At this stage of the game, with 3:33 minutes remaining, Hulton began to utilize his bench strength.

Ron Warner, playing before his home town fans, was the game's leading scorer with 24 tallies. Bill Fitzkee and Bob Parker each chipped in with 13 counters. Frank Kopp paced the New Jersey squad with 15.

The Bullets next meet Temple Thursday evening in a MAC game in the Palestra, Philadelphia, and on Saturday play their first home engagement with Franklin and Marshall.

VAN BROCKLIN WILL RETIRE AFTER BIG WIN

By JIM VAN VALKENBURG

ST. LOUIS (AP) — "Just one more big one, then it's adios from me and back to my Poland hogs in Oregon," said Norm Van Brocklin, the indomitable Dutchman who pitched the Philadelphia Eagles from last place to the Eastern National Football League crown in three years.

Van Brocklin, 34, was joking about a future devoted to raising, but he's serious about his retirement from football after this season, his 12th in the NFL.

Retiring with him will be Lawrence T. (Buck) Shaw, the 61-year-old coaching wizard who obtained Van Brocklin for the Philadelphia rebuilding job.

WAY TO LEAVE

"This is the way to go out," Shaw said after his club made it nine straight—a club record—an wrapped up the Eastern title Sunday with still two games left by stopping the St. Louis Cardinals 20-6.

"These men have been on cloud eight all season after that opening defeat (by Cleveland 41-24)—their desire has been tremendous," said Shaw—who looks closer to 45 except for his silver hair. He continued:

"We've had the breaks, true, but we've cashed in on them. It's taken a lot of movie by the defensive boys, too, when you consider we don't really have a powerful running game to control the ball."

Shaw couldn't say enough about the fabulous Van Brocklin and his receivers who specialize in impossible catches—Tommy McDonald, Pete Retzlaff and Bobby Watson.

Van Brocklin set a personal career high of 22 touchdown passes in a season with two scoring strikes for both Philadelphia touchdowns.

He completed 13 of 27 for 251 yards, raising his season total to 2,185 yards—more than twice the club's season total on the ground.

OUTGAINED ON GROUND
The Cardinals, the NFL's top rushing team and No. 1 in total offense, outgained Philadelphia on the ground 165-54 but had a pitiful 25 in the air. Their passing wasn't good, but you have to give credit to the Eagles secondary, which in this season has allowed only five of 16.

"Yes, this is one of my best years," Van Brocklin conceded, "and this title was the most satisfying because we came from nowhere."

Norm was a member of five Los Angeles teams which won or tied for last place and out-tumbled everyone," Shaw said.

"This year was just the opposite—we had almost no key injuries, the ball bounced our way."

Shaw had no preference as an opponent in the NFL title game Dec. 26. He said "it's so close over there I guess they are all equally tough."

"But there's no reason why we can't take it all."

Charles Town To Open December 16

CHARLES TOWN, W. Va. — Horse racing in West Virginia will have a new look when the pioneer Charles Town course opens its 28th season of winter racing on Friday, December 16.

The results of a half-million dollar improvement program will greet fans who, with no other horse racing in the north at present, come from the New York, Philadelphia, Baltimore, Washington and Richmond population centers.

Major features are the complete glass enclosure of the front and sides of the grandstand and enlargement of the enclosed clubhouse adding 35 per cent more patron space.

Both buildings have been given a complete new interior decoration, designed by S. Tebbis Chester, of Washington, D. C., who did the much-discussed decoration of the new Pimlico Race Course grandstand and clubhouse in Baltimore.

Racing Secretary Buddy Broctor revealed that stall applications have been received for a record 4,700 horses, including stables from Canada, New England, New York, New Jersey and Maryland.

Broctor's biggest job at present is to pare the requests to fit Charles Town's facilities for stabling 1,400 horses. Some of the overflow stock will be stabled at neighboring farms and at Hagers-town race track 30 miles away.

Colts, 49ers, Packers All Tied For Division Lead; Lions, Bears Still In It With 2 Games Left

By MIKE RATHET

Associated Press Sports Writer

The National Football League championship game will match Philadelphia's streaking Eagles against Baltimore or Green Bay or San Francisco or Chicago or Detroit.

That was the situation today, with only two weeks left in the regular season.

The Eagles clinched their first Eastern Conference title since 1949 by whipping the St. Louis Cardinals 20-6 Sunday for their ninth consecutive triumph.

65-YARD TD PASS
The Baltimore Colts, seeking to gain a playoff berth for an unprecedented third consecutive time, were beaten by the Detroit Lions 20-15 when Earl Morrall connected with Jim Gibbons for a 65-yard touchdown pass on the last play of the game.

The loss dropped Baltimore into a three-way tie for first place in the Western Division with Green Bay and San Francisco, all with 6-4 records, while Chicago (5-4-1) and Detroit (5-5) remained solidly in contention.

The Packers, getting a 23-point performance from Paul Hornung that gave him 152 for the campaign and broke Don Hutson's 18-year-old one-season scoring record, walloped the Bears 41-13. The 49ers moved into position by blasting Los Angeles 23-7 before a crowd of 77,254.

DALLAS TIED GIANTS
The Cleveland Browns grabbed the runner-up spot in the East with a 27-16 victory over Washington while winless Dallas tied the New York Giants 31-31.

Norm Van Brocklin passed for two touchdowns and Bobby Watson kicked a pair of field goals for the Eagles (9-1). Van Brocklin hit Pete Retzlaff with a 22-yarder, then pitched a 25-yarder to Tom McDonald after the Cards (5-5-1) had scored on Mal Hammack's two-yard plunge in the third period.

The Colts scored what appeared to be the winning touchdown with 14 seconds left when Johnny Unitas, who had previously unleashed an 80-yard TD heave to Lenny Moore, fired a 34-yard scoring aerial to the fleet halfback for a 15-13 lead. But Morrall, on the bench for the first three periods, completed a 17-point fourth-quarter surge for Detroit by whipping the clincher to Gibbons following the kickoff.

HORNING SETS RECORD
Hornung carried the Packers to their overwhelming triumph against the Bears by scoring twice on a 10-yard run and a 17-yard pass from Bart Starr, kicking two field goals and five conversions while eclipsing the NFL scoring record set by Green Bay's Hutson in 1942. Chicago's touchdowns came on a 19-yard Ed Brown to Willie Dewveall pass and a 20-yard toss from Zeke Bratkowski to Jim Dooley.

The 49ers, using the double wing offense that proved effective in last week's triumph over Baltimore, built a commanding 10-0 halftime lead over Los Angeles (3-6-1) on a 10-yard scoring jaunt by C. R. Roberts and the first of three field goals by Tommy Davis. A 65-yard TD strike from John Brodie to Clyde Conner rounded out San Francisco's scoring before the Rams rallied on Frank Ryan's two-yard sneak.

FIRST PASS INTERCEPTION

Milt Plum had his first pass intercepted on his 196th aerial this season, but his three touchdown flips brought the Browns (6-3-1) from behind twice against the cellar-dwelling Redskins (1-7-2).

Eddie LeBaron's nine yard touchdown toss to Bill Howton in the final period gave the Cowboys their tie with the Giants (5-3-2) after L. G. Dupre scored three TDs, two on LeBaron passes, to keep Dallas within range.

FULLMER EYES MOORE IN NEXT TITLE MATCH

By PATRICK McNULTY

Associated Press Sports Writer

LOS ANGELES (AP) — NBA middleweight champion Gene Fullmer set his sights on O' Jear Moore's version of the lightweight title after turning back Sugar Ray Robinson's gallant bid to recapture the 160-round crown for the sixth time.

Robinson, described by his manager as heartbroken over Saturday night's draw with Fullmer, was considering hanging up his gloves.

"I've always wanted to try Moore on for size and now it looks as if I'll get my chance," said Fullmer.

REALLY OLD MAN

Moore said, "After all, Fullmer should like to fight me. He'd be getting a shot at a REALLY old man."

Moore, Fullmer and Fullmer's manager, Marv Jensen, met at a party after the Utah billy goat's battle with Robinson and tentatively agreed to terms.

Matchmaker George Parnassus, who staged the Fullmer-Robinson rubber match, left today for San Diego to finalize the deal with Moore, who insists on the champions' share of the gate.

FERHAPS IN APRIL

Parnassus said he hopes to stage the Fullmer-Moore battle, if plans work out, in April outdoors in Memorial Coliseum.

For their savage war Saturday, Fullmer took 40 per cent and Robinson 20 per cent of the gross gate of \$122,384 plus \$100,000 for television.

Fullmer, relying on bull-like rushes to wear down Robinson, guarded his jaw with his gloves as if he had a jowly of jewels. Robinson tried to steal the jewels with some nifty combinations. Several times he shook the charging champion and in the savage 11th round he popped Fullmer with two right hand leads that would have knocked the head off a marble statue. But Fullmer merely blinked and flurried back.

The referee scored the fight for Robinson 11 to 4 under California's scoring system that gives the winner of a round one or more points up to five and the loser none. However, one judge voted for Fullmer 9-5 and the other judge called it a draw, 8-8.

WALSTON SETS RECORD

PHILADELPHIA (AP) — Bobby Walston, the Philadelphia Eagles' field goal kicker, broke his club record of 11 set in 1952 by booting his 12th and 13th Sunday in the 20-6 victory over St. Louis.

He tied with the Giants (5-3-2) after L. G. Dupre scored three TDs, two on LeBaron passes, to keep Dallas within range.

OREGON SPEED VS. PENN STATE MOBILE LINE

UNIVERSITY PARK, Pa. (AP) — Penn State Coach Rip Engle emerged today from a movie-scouting session and pictured the Dec. 17 Liberty Bowl game this way:

"It will be a battle of Oregon's speed versus our hard-hitting line."

The silver-haired Engle then prepared to put his charges through their first full scale drill.

Penn State, entering the game with a 6-3 record, will be out to win the Liberty Bowl trophy for the second year in a row. It opened the new bowl series in Philadelphia with a 7-0 victory over Alabama last year.

EXCHANGED MOVIE

"Oregon is awfully fast—probably faster than anyone we have played this season," Engle said after seeing movies of Oregon's 14-14 tie with arch rival Oregon State.

He plans to see films of Oregon's games against Stanford and Washington before the bowl date.

Both schools have exchanged movies of their performances during the year—a season Oregon finished with a 7-2-1 slate.

CAN'T MATCH SPEED

"Len Casanova (Oregon coach) must use a stop watch when he recruits his players," Engle said with a smile. "We can't match their speed so I hope our line turns out to be the more aggressive and more mobile one as it has in so many games this year."

Engle said that on all but one occasion—that was when Missouri speed was too much for the Pennsylvanians in a 21-8 defeat—Penn State has been able to handle itself well against fast clubs.

The movie session left him especially impressed by the work of halfbacks Cleveland Jones and Dave Grayson, Engle said.

Ben Jones' Club Captures Title

Ben Jones' Berwick High School football team compiled a 10-2 season by lacing West Scranton 19-7 Saturday to take the championship of the huge Eastern Pennsylvania Conference.

West Scranton had beaten Berwick 20-7 in regular season play and had run up a 14-game winning streak over two years before being upset on Saturday.

Jones, whose wife is the former Nancy Scott, R. 2, coached at Gettysburg High School in 1957 and 1958. During his two-year term at Berwick he has won 18 and lost but four.

Mt. St. Mary's chalked up its second win in as many starts by walloping St. Vincent's 91-63 in Memorial gymnasium at Emmitsburg Saturday night. It was the second loss in as many starts for the Bearcats.

John O'Reilly, the 6-5 sophomore who is playing his initial year of varsity ball, was the big gun for the Mountaineers with 30 points and was a tower of strength on the defense with 17 rebounds.

The Mounts jumped in front on a free throw and were never headed. At half time the score was 42-29 and in the second half Coach Jim Phelan made use of his fine bench strength.

O'Reilly secured his points on eight field goals, most of which were lay-ups, and 14 free throw conversions in 16 tries.

Dick Tailey came through with 17 points while Ed Pfeiffer put up a fine all-around game and chipped in with 13 tallies.

The Mount connected on 27 of but 36 foul tries while St. Vincent's managed but 11 of 22.

Reeping, Peterson and Thomas were high men for the Bearcats with 12, 11 and 10 points.

The Mountaineers face three games this week, Tuesday evening they meet Baltimore University in a Mason-Dixon Conference game at Emmitsburg. On Friday they tangle with Hofstra and Saturday meet Adelphi in a week-end trip to Long Island, New York.

Buck Shaw Praises Eagles For Eastern Division Title

By GEORGE ESPER

PHILADELPHIA (AP) — Silver-haired, personable Buck Shaw has no secret, no magic formula, no specific philosophy for his success in guiding the Philadelphia Eagles to their first National Football League divisional title since 1949.

He gives 100 per cent credit to a band of fired up eagles who never say quit.

"I never saw a team with more desire and hustle," the veteran of 36 years of coaching said upon his arrival home Sunday night after his Eagles had defeated the St. Louis Cardinals 20-6 to clinch the Eastern Conference title.

BEST EXAMPLE

"There's an old saying," Shaw continued, "that a team that won't be beat can't be beat. This team is the best example of that of any team I've ever had any association with."

"I have no secret. In my opinion about 80 per cent of coaching success is in the material you have to work with. I've been fortunate."

"It's not so much the technical end because every coach has that. Getting the best the player has to give is a big attribute to a coach."

WORKED ON THEIR OWN

When asked how he managed to get the best from each of his players, Shaw modestly replied: "I'm not sure I had much to do with it. They did a lot of their own thing. Defense, for example, improved immeasurably. In fact, they took a lot of pride in stopping opponents and intercepting passes."

"I feel fortunate I got the best efforts. One important thing is in trying to show each player by your actions that you have confidence in him. A player doesn't get better by a coach telling him how ineffective he is. Start making them believe their champions and pretty soon they'll be playing like champions."

GREAT LEADER

Chuck Bednarik, one of the key men in the Eagles' drive to the championship, describes Shaw as "a great leader."

"He is tough when he has to be tough," Bednarik said "some coaches are just too tough on and off the field. Off the field Shaw is just like one of the boys."

"If you're complacent he'll get rid of you. If you do your best, go along with you. If you get beat mentally, like fouling up on assignments, that's out of the picture with him but he understands there are times you'll get beat physically."

RESHUFFLE TEAM

Prior to the 1959 season, Shaw reshuffled the whole team when the Eagles opened that year they had 18 new men, including 11 rookies.

The Eagles finished with a 7-5 record for a second place tie but Shaw still wasn't satisfied.

He decided to come back for one more year because he knew he had a good club and he had plenty of faith in the team. Besides he wanted to retire with a winner.

"This is basically the same team we had a year ago," he said Sunday night.

Now that his wish is fulfilled, his first title in 12 years of coaching pro football, Shaw says he is stepping down but there's one more thing he'd like—the NFL championship.

FIRST MOVIE
IN DECADE FOR
GLORIA JEAN

By BOB THOMAS
AP Movie-TV Writer

HOLLYWOOD (AP) — Every-thing's coming up you-know-how for Gloria Jean, appearing in her first movie in 10 years.

But the former child singing star isn't giving up her job as hostess at a San Fernando Valley eatery.

Readers of this space will re-call a report a few weeks ago that Gloria had taken the job to tide her over until she could get back into the show business she had known most of her life.

GAVE HER PART
Jerry Lewis happened to read the report. He sent for Gloria.

"How would you like to appear in my new movie, 'Ladies Man'?" he asked.

"Why—I'd like nothing better," she answered in amazement.

"All right, you've got the part," the comedian said.

"But don't you want to test me or have me read for the role?" she protested.

"YOU'RE IT!"

"Nope. I like to do things for people. You're it for today."

So Gloria is now doing one of the leads in the new Lewis opus, ending a long career-drought and a series of personal mishaps, in-

cluding the loss of her fiancé in the Korean War.

"I feel just wonderful," she said. "My only trouble is that I can't get enough sleep. I'm too excited to sleep."

What kind of a part does she have?

"I don't know exactly," she said. "Jerry won't show us the script. We only have the first 40 pages. When we finish shooting that, he'll give us the next 40."

The plot has Gloria as one of several dozen career girls living in a Hollywood dormitory with Helen Traubel as house mother.

Jerry is a dame-haunted movie star who escapes his career to take a job incognito. Naturally, he ends up at the dorm.

"I'm going to sing a number with Miss Traubel," Gloria added excitedly. "I'm sorry that I've been so busy that I haven't been able to do some lessons. But I've been singing around the house, and the voice is still there."

GETS WRITE-UPS
What else has happened to her?

She got her break-in to the acting field again by doing a role on MacDonald Carey's TV series, "Lock-up."

She has been written up by the two top fan magazines — "First time since I left pictures." To-night she tapes Ben Alexander's TV show, "About Faces."

Despite all this activity, Gloria hasn't deserted the Tahitian, the studio city spot where she has been hostess.

"I wouldn't want to quit," she declared. "But I have cut down to working Saturday nights only while I'm on the picture."

SANTA and the BOY FISH by Lucrece Hudgins, Beale

Chapter One
THE LUCKY FIND

Once upon a time, in a little village by a faraway sea, there lived a boy named Michael McBurney. His father was a fisherman but times were hard. There were many other fishermen in the little village and not many buyers of fish could be found. Michael's mother mended nets to earn a few extra pennies and the family just managed to get along.

Michael did not mind being poor. His one great love was the sea and that was free. Every day he played in the water that lapped the village shores. He swam and rowed and skipped stones. He fish and searched for shells. All these things cost him nothing and he was very happy.

But he was happiest of all when he sat on the rocky cliffs above the village and stared across the sea, listening to secret sounds no one else could hear and seeing strange things no one else could see.

This may sound impossible but it was true nevertheless. Things often happened to Michael that no one, not even his mother, would ever believe. Yet, when people scoffed at his stories, there was always something they couldn't explain.

For instance, one stormy night, Michael was awakened from a deep sleep. He heard the wind racing around the eaves and the rain thrashing against the window panes. He snuggled deeper in the covers and was almost asleep again when suddenly he heard a clippety-clop, clippety-clop right over his head!

He sat up in bed and his mouth fell open as he strained to hear. There it was again — clippety-clop, clippety-clop — clear as could be.

Michael tore from his bed and raced to his parents' room.

"There's a horse! A horse on the roof!"

His father was angry at being awakened and his mother told Michael it was a dream and sent him back to bed. But the next morning he still insisted it had been so and when he went outside he found a horse shoe lying at the door.

Triumphantly he carried the shoe to his parents crying, "Look! I told you, I told you!"

Still his father scoffed. "It was probably thrown there by someone from the road. Forget it now

happy place for a long, long time. The charade is based on T. H. White's satiric trilogy, "The Once and Future King." Some liberties have been taken with that book and the familiar roundtable legends of Malory and Tennyson by the producing-creating team of composer Frederick Loewe, author-lyricist Alan Jay Lerner and stager Moss Hart.

Running three hours, the show exhibits boggy spots, static moments and a muted windup. Most spectators, however, will be happy to overlook these defects in the general visual and melodic splendor of the enterprise.

Lancelot, who loves but never reaches ultimate woo, is Robert Goulet, dark and stern. Roddy McDowall reveals as a slinking, tricky morderd Robert Coote is a cartoon knight.

Science Shrinks Piles
New Way Without Surgery
Stops Itch—Relieves Pain

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain — without surgery.

In case after case, while gently relieving pain, actual reduction (shrinkage) took place.

Most amazing of all—results were

— it's just another of your wild ideas." But there was a look of wonder in the old fisherman's eyes as he turned away from his son.

No one had believed Michael either when he swore he had heard a fish playing a mouth harp in the sea and seen a bird flying a kite that had been caught for three weeks in a tree. Still people couldn't explain how a mouth harp had been found later on the beach nor why the kite that had been so long in the tree was no longer there.

Michael spent more and more time by himself on the beach. He longed to know what lay beneath the surface of the sea. When he opened his eyes under water

he could see nothing, yet he was sure that marvelous things were there if only he could swim deep enough and see clearly enough to find them.

Then one day a wonderful thing happened. When he went to his usual place on the cliff above the village he found a diving mask and a pair of rubber flippers lying on the rocks.

"Where had they come from?" wondered Michael. "Who in the village would be rich enough to own such things?"

Suddenly, snatching up his find, Michael rushed down to the shore. He slipped the flippers on his feet.

He fitted the mask over his face. Then his heart racing with excitement, he slipped into the water to find the wonderful kingdom he knew must be there.

72-FT. SCOUT ROCKET FALLS INTO ATLANTIC

WALLOPS ISLAND, Va. (AP)—A 72-foot Scout rocket and the inflatable satellite it was to have put into orbit lay under deep water 80 miles off the Virginia shore today after the failure of the first major space shot attempted from this test center.

Although the vehicle cost more than \$750,000, there will be no attempt to recover any part of it.

Officials said it would be almost impossible to locate. Even if the bits of wreckage could be found, they would shed little additional light as to the cause of the failure.

WILL ANALYZE INFORMATION

Instead, the National Aeronautics and Space Administration planned to analyze carefully the radio telemetry information and camera and radar coverage of the few short minutes of the flight Sunday.

The 36,600-pound, four-stage research vehicle roared aloft at 4:14 p.m. and climbed beautifully for the 44 seconds of first stage burning. But the second stage failed to ignite and the rocket plunged into the ocean.

USED SOLID FUEL

All four stages of the Scout rocket use solid propellants, and this was the first attempt to launch a satellite with such a vehicle. No date has been set for a follow-up effort.

If it had worked as planned, the inflatable satellite, 12 feet in diameter, would have orbited for a few weeks to perhaps a year, giving useful information as to the amount of drag resistance that exists, against large uniform surfaces, at orbital altitudes.

PENN STATE IS 11TH IN NATION

UNIVERSITY PARK — The Pennsylvania State University, last year 11th in the nation in full-time enrollment, now ranks 12th. Indiana moved ahead of Penn State. In grand total enrollment, however, Penn State has moved from 17th to 16th place.

This was reported today in the annual enrollment survey conducted for school and society by Dr. Garland G. Parker, registrar and central admissions officer of the University of Cincinnati.

Completes Training Session In Ohio

William R. McClellan, Fairfield R. 1, a soil conservation aide of the Adams County Soil and Water Conservation District, returned to his job this morning after a three-week training session at Co-hoc-ton, O.

The training center, nine miles north of Cohoc-ton on the 1,047-acre hydrological research station of the U.S. Department of Agriculture, was attended by 16 other technicians from nine states. It is the official training center for 22 northeastern states.

The course provided training in classroom and field work. Subjects covered were biology, soils, agronomy, forestry, cartography and engineering. McClellan's main study dealt with soil and water conservation and disposing of excess water.

McClellan, who recently became a full-time employee for the conservation service, has been associated with farming all his life. He owns a farm near Fairfield. He is a graduate of Gettysburg High where he studied agriculture.

Los Angeles — Gene Fullmer, 159, West Jordan, Utah, and Ray Robinson, 158½, New York, drew 15. Fullmer retained NBA world middleweight title.

Havana — Baby Linars, 158½, Havana, outpointed Marcelino Gonzalez, 158, Havana (10).

State has an enrollment of 17,767 full-time students as compared to 16,717 a year ago. The grand total climbed from 20,377 last year to 21,656.

Dr. Parker reported that college and university enrollments across the nation are booming at an accelerated pace, reaching an all-time high for the eighth straight year.
